- 966 Byzantine 8th to 10th century crude odd shaped. 11 pieces.

Dear Collectors and Dealers:

A nice lot of coins in this catalogue I trust will have your careful consideration. My estimates are based on market and present New York and London prices by leading dealers.

Many of the coins are seldom offered at Auction and have been in a collector's cabinet for twenty-five years.

I regret that no price list will be issued for this sale, not being successful in having them typed until too late to be of interest to collectors ordering. My apologies for past delays.

On important items it will be possible to advise unsuccessful bidders what they sold for.

Estimates are given on nearly all lots. This should be a guide for future bidding.

If possible attend the sale. You will enjoy meeting other numismatists.

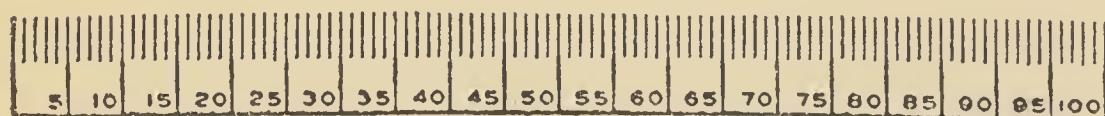

Again, thanks to all for past favors.

Sincerely yours,

GEORGE J. BAUER.
